

Review: Banc De Binary

Introduction and Key Benefits

Banc De Binary is a privately held investment and trading firm, specializing in binary options. It operates an online trading platform through their website, which customers use to buy and sell binary options.

Banc De Binary has over the years grown to be an industry leader, and currently operates in 80 countries around the world. It is authorized and licensed as an investment firm under the license number of 188/13 and regulated under the Cyprus Securities Exchange Commission (CySEC).

Education Center

Banc De Binary offers one of the most comprehensive education centers in the industry, offering extensive research and analysis for traders.

- A comprehensive guide to trading binary options is available for everyone, including non members. It has a different section for complete beginners, for advanced traders, sections for indices, stocks, commodities, and even for trading strategies.
- Video courses are also available on the website.
- A detailed financial glossary.
- A free e-book in PDF format is also available in the education section of the website.

Market Data

Aside from the education center, Banc De Binary provides regular market analysis and live data for traders to make the most informed and profitable decisions.

- Daily financial analysis is available for traders along with the trade of the day.
- Weekly financial video reports are uploaded in the market data section to help traders understand the current happenings in the financial world.
- Technical analyses on different charts are also provided.
- Along with the technical analysis, fundamental analysis is also available for all major financial markets and indicators.
- The company also maintains a blog with extremely useful content related to the financial markets which is regularly maintained.

Account Options

Banc De Binary believes in simplifying all trading operations from account opening to trading. Thus the account opening page is extremely simple and easy. In fact, hardly a few minutes are required to open an account to start trading.

Account Opening

New users are required to enter some personal information such as full name, country, a valid email address, and contact information. During account opening, users have the option to choose one out of three currencies; US Dollar, Euro, and British Pound Sterling.

Account Types

New users have the option of four different account types to choose from. Each of them offering a wide array of options and advantages:

- 1 – Micro Silver Account offers a minimum deposit of \$250 to a maximum of \$5,000.
- 2 – Standard Gold Account requires a minimum deposit of \$5,001 deposit to \$35,000. A 100% sign up bonus is available for gold account holders.
- 3 – Personal Account Manager Reserved Account requires a minimum deposit of \$35,001 to a maximum of \$50,000.
- 4 – Banc De Binary Premium Account has a minimum deposit requirement of \$50,001 and no maximum restriction.

Trading Bonuses

The key to good trading profits is not just technical insight, but having the capital to invest on those sure trades is just as important. Banc De Binary offers trading bonuses of 100% on deposits to new accounts.

Note: All bonuses are offered at the user's discretion. Although it offers an advantage to the trader, it binds them from withdrawing funds till a certain turnover has been achieved. Bonuses should be accepted with the intent of long term trading.

Trading Platform

Banc De Binary has a state-of-the-art trading platform, offering the most professional trading experience. It is completely user-friendly and accessible with all browsers. The award-winning platform offers various options such as onetouch, 60 seconds, pairs, long term trading, and is available in 8 different languages (English, German, French, Spanish, Italian, Russian, Arabic, and Portuguese).

Mobile Platform

Banc De Binary offers a dedicated mobile platform for all users on two of the most popular mobile operating systems: Android and iOS. It offers:

- Trading on the go
- Deposits on the move
